Code Enforcement Inspector/officer for the community of Wilmington, CD15

LA Department of Building & Safety, Code Enforcement Division

LA City Officials & Departments,

On January 28, 2020 the Wilmington Neighborhood Council held a meeting to discuss the need for more Code Enforcement Inspectors our community. The Beautification and Planning committees held a joint meeting to recommend to the full board a solution that would better serve our community needs.

It is our understanding that there is currently not enough Inspectors for the entire Harbor area. We have taken official action to request additional Code Enforcement Officers for the Harbor area and specifically one that would be designated for the community of Wilmington on a full-time basis. We are faced with violations that are overwhelming for our small community. Permits, zoning, proper business operations and many more.

Sincerely,

Valerie Contreras
