Re: Wilmington Neighborhood Stormwater Project

Blanca,

On September 22, 2020, the Wilmington Neighborhood Council took official action to approve a Letter of Support for the City of Los Angeles, Department of Sanitation, Wilmington Neighborhood Stormwater Project.

The affects that this project will have on our community will greatly improve the quality of life for our stakeholders. We support the nature-based solutions approach that this project will be implementing and look forward to the effects that the filtration and removal of pollutants (bacteria, metals) by bioswales this project will have on our community.

As the elected body for the stakeholders of Wilmington, we fully endorse and support this project.

*Sincerely,*
